

ANNUAL REPORT

2022

CINCINNATI
PRESERVATION
ASSOCIATION

FROM THE DIRECTOR

Dear Preservationists,

I can't believe what you've helped us accomplish! Through a year of transition, your support created balance and stability as we continued saving our historic resources.

The following Annual Report highlights the work we have accomplished together, and I am certainly proud of all of it! Through advocacy, programs and education, CPA continues to be the leader on historic preservation in our region—thanks to you.

Your membership, your annual fund gift, your attendance at events and your voice in support of our historic resources makes a difference. From iconic structures like Music Hall to granite street curbs throughout the city, our many historic sites, structures and fabric make our community a better, more sustainable, place to live, work and stay.

Thank you for standing up to protect and celebrate the shared treasures we all enjoy. We hope to see you at an upcoming event in 2023!

Sincerely,

Beth Johnson
Executive Director

ABOUT CPA

Mission

To promote the appreciation, protection and appropriate use and development of the Cincinnati region's historic buildings, communities and landscapes.

Preservation Matters because...

Culture

Adds character, charm, and uniqueness to our community

Environment

Conserves resources, reduces landfill waste, saves money and is the most sustainable path

Investment

Brings heritage tourism, local job creation and tax credits

Housing Stability & Affordable Housing

People are attracted to historic districts for living, working and playing

Storytelling

Historic spaces tell everyone's story and our collective past is worth remembering

A YEAR IN REVIEW

Advocacy

CPA purchased the Dennison Estate in Batavia saving it from demolition. After some basic stabilization work, the building was sold earlier this year to a preservation friendly developer with conservation easements.

Projects

The Cincinnati Sites and Stories website and mapping application went live as part of the Sites of Black History initiative.
Visit stories.cincinnati-preservation.org

Programs

Preservation in the Park, a new FREE monthly lecture series at Washington Park kicked off and will return next summer. Internationally renowned preservation leader, Carl Elefante highlighted the overlap in preservation, sustainable design and climate change at this year's Fall Forum.

Events

CPA Co-hosted the National Alliance of Preservation Commissions Conference where we welcomed 550 preservationists from around the country to marvel at our own historic resources.

TRANSITIONS

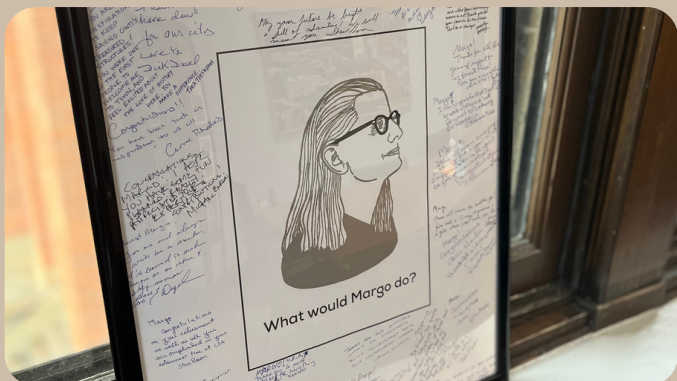

Margo's Lasting Legacy

CPA said farewell to long time Preservation Director, Margo Warminski when she retired from her 20 year career with CPA in December. A true preservation pioneer, we have Margo to thank for her unyielding passion and dedication which saved and impacted countless sites and structures throughout our region.

Thank you Paul

CPA Executive Director, Paul Muller returned to his architecture practice earlier this year passing the preservation leadership torch to Beth Johnson. Paul played an enormous role in the protection and betterment of our built environment. Thank you Paul for your years of service that all of us in Greater Cincinnati benefits from.
